OB47B Olympic Curl Bar - Black

The quickest way to increase upper arm mass, strength and definition. A proven favorite of bodybuilders everywhere, this bar isolates and intensifies development of the bicep and forearm muscles. Biomechanically angled dual grips allow you to avoid injury and achieve maximum gains. Each set of grips strategically target the inner and outer bicep heads. The OB47B Olympic Curl Bar is built to hold 2-inch Olympic weight plates without breaking or collapsing, it has a 300 lbs. weight capacity.
